

WEATHER ADVISORY

Ref N^o: EW/Met 08/09/2023/010

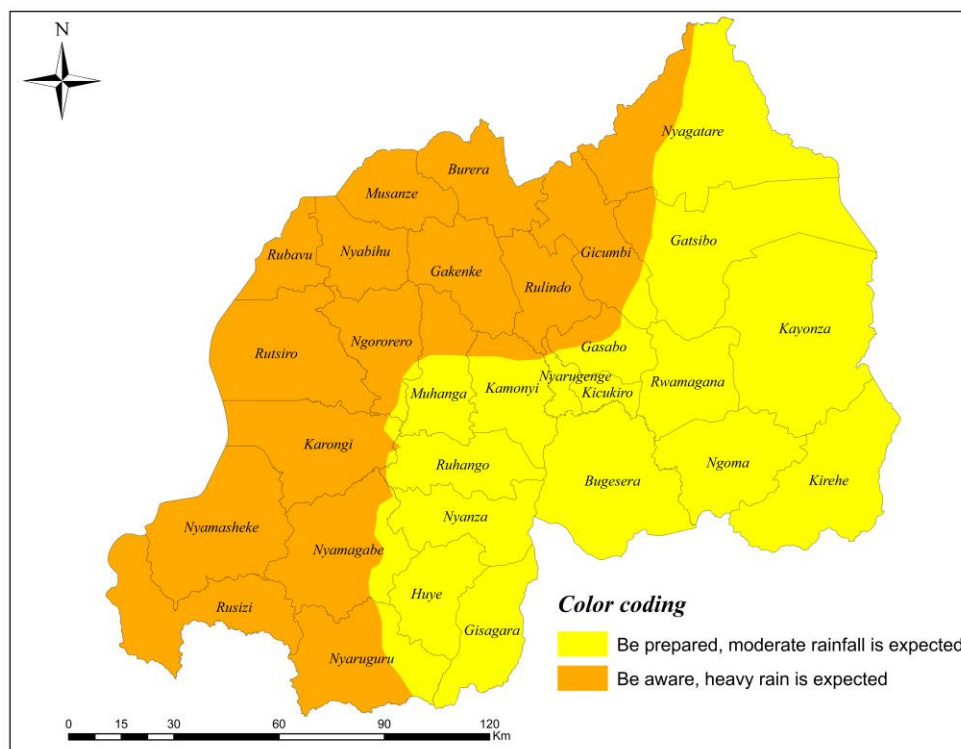

Kigali, 8th September/2023

**Moderate to Heavy
Rains**

Valid between 08th to 13th September 2023

Reference is made to the ten days' weather forecast released on **1st September 2023** by METEO RWANDA, where rainfall was predicted in most parts of the country between 7th and 10th September 2023. METEO RWANDA would like to inform the general public that moderate to heavy rainfall is likely to continue up to 13th September 2023, especially between the night of **8th and 13th September 2023**. **Heavy rainfall is expected over Northern, Western Provinces, Nyamagabe, Nyaruguru, western part of Nyagatare and northern parts of Muhanga, Kamonyi and Gasabo Districts.** The expected rain ranges between 50-100 mm and will be triggered by increased moisture in the Indian Ocean.

Advisory

Due to accumulated rainfall in the past days over most parts of the Western and Northern Provinces and due to increased high likelihood of expected rains in coming days, contingency measures should be put in place to avoid negative impacts associated with heavy rainfall especially in prone areas.

For more information, you can contact Meteo Rwanda on toll free number **6080**.
