

WEATHER WARNING

Ref N°: EW/Met 04/05/2025/002

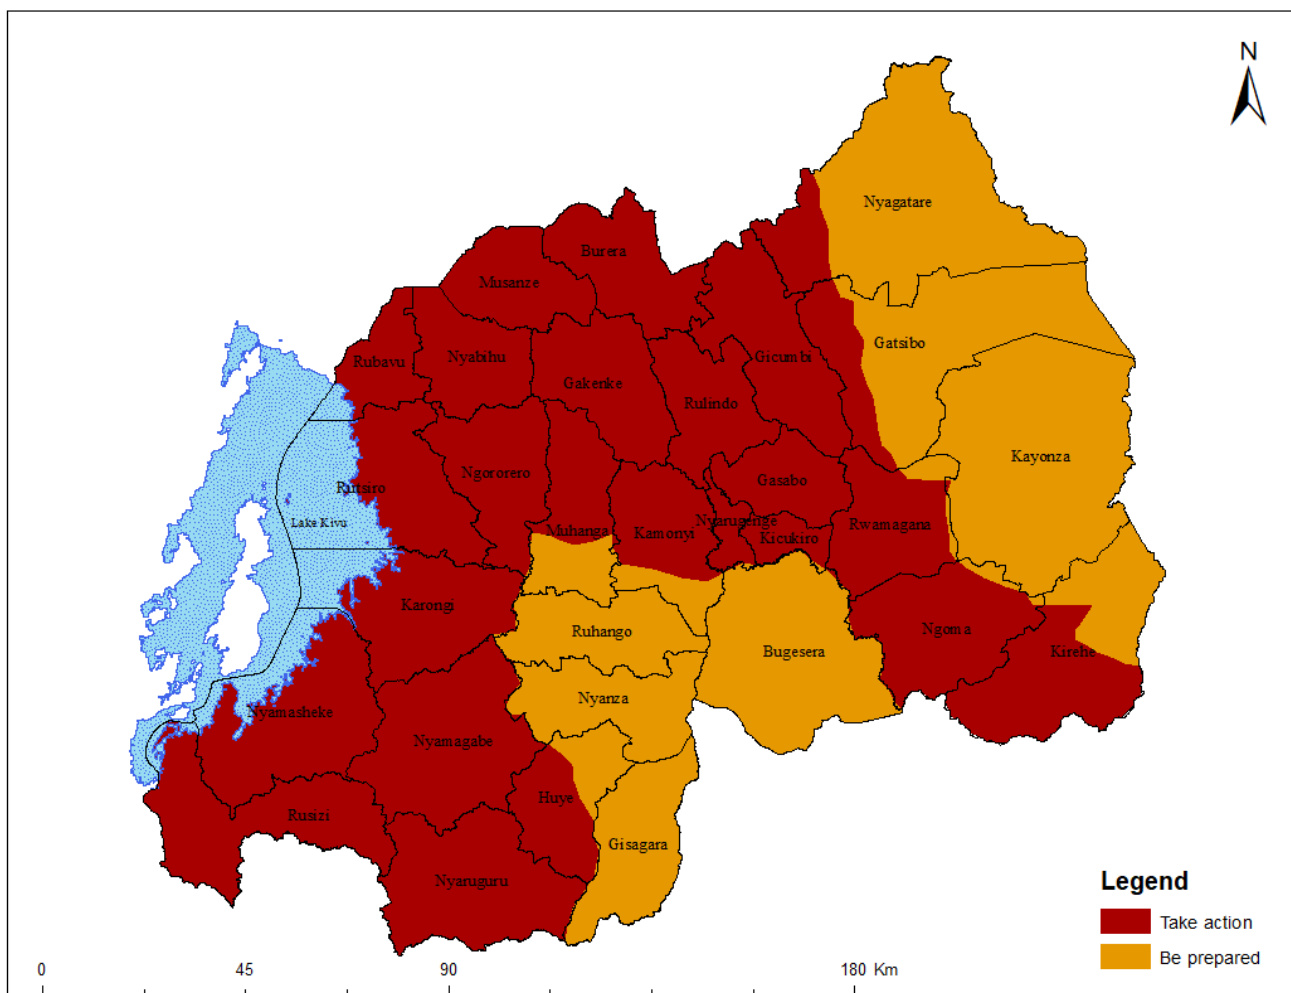

Kigali, 04th May 2025

Heavy rains

Valid between 04th to 06th May 2025

Referring to the ten days' weather forecast valid from 1st to 10th May 2025 issued on 30th April 2025, which showed enhanced rainfall between 5th and 10th May 2025, METEO RWANDA informs the general public that heavy rainfall is forecasted across the country from 04th to 06th May 2025 mostly in Kigali City, Northern and Western Provinces as well as in Muhanga, Nyaruguru, Nyamagabe, Huye, Rwamagana, Ngoma and Kirehe Districts. Rainfall is expected to range between 20 mm and 50 mm per day.

Likely Impacts as a result of heavy rainfall

- Floods
- Landslides in steep slope areas without erosion control measures
- Thunderstorms

Advisory

METEO RWANDA advises the general public to take appropriate measures to mitigate impacts associated with heavy rainfall.
